## Abu Dhabi Fund for Development (ADFD)

### NOTICE INVITING TENDER (NIT)

With the increasing demand for implementation of Renewal Energy (RE) projects in developing countries, Abu Dhabi Fund for Development (ADFD) is interested in compiling a Short-list of professionally qualified firms with experience in implementing EPC Renewable Energy projects mainly in solar, wind and hybrid based technologies.

Interested companies are requested to submit a letter expressing their interest to be included in the pre-qualified Short-list and incorporate a statement with all the supporting evidence to prove the firm's capability to carry out the services called for. This should include but not limited to the followings:-

- The firm profile and main office address. Structure of the firm, Staff qualifications, composition and commercial licenses
- Size of firm, Year of incorporation and Turn over and the financial statement for the past 3 years.
- Projects undertaken and actually completed in the past 5years. Ongoing jobs ( description of the project and scope of work)
- Past experience in implementing RE projects in developing countries and total Energy installed for each RE technology.
- Reference data (past clients and their contact details)
- Geographical Area of preference of work
- Any other relevant information

Prequalified firms shall be maintained in ADFD list of qualified firms and considered for short-listing and will be called upon to bid/provide their best offer whenever requirements for delivery of RE project is required.

**The validity of the prequalified short-list shall remain valid up to 3 years.  
Request for Proposals (RFP) shall be sent out only to the short-list.**

The Expression of interest should be submitted latest by 15th July 2022 to:-
